2017

ST. Pius Senior Secondary School, Khandwa

HSC (CBSE), Khandwa

2015

Projects

Swift Buy | HTML , CSS, Javascript, Reactjs, Redux

December 2025

- Developed Swift Buy, a responsive e-commerce web application for clothing and sports products using HTML, CSS, JavaScript, React, and Redux..
- Implemented dynamic product listings, category filtering, and smooth navigation using React components and state management.
- Managed global application state with Redux to handle cart operations, product data, and user interactions efficiently.
- Designed a user-friendly UI with modern layouts and interactive features to enhance overall shopping experience.
- Integrated reusable React components and optimized rendering to improve performance and maintain a scalable front-end architecture.

Rail Ease | ReactJs ,JPA ,MySQL , Spring Boot, Microservices , Postman

August 2024

- Implemented a dynamic booking management system, enabling users to search, book, and manage train tickets efficiently.
- Ensured scalability and performance with clean architecture and optimized API integration.
- Integrated REST APIs for smooth data exchange between the front-end and back-end, ensuring real-time updates.
- Designed a responsive and intuitive user interface, ensuring seamless navigation and an enhanced user experience.
- Integrated RESTful APIs for secure and efficient communication between the front-end and back-end services.

Shopping Mania | HTML ,CSS ,MySQL ,Javascript

October 2023

- Developed the front-end of an e-commerce website using Javascript, ensuring a dynamic and interactive user experience.
- Implemented features like product listings, shopping cart, and user authentication UI components.
- Utilized MySQL for managing product data and user information, ensuring efficient data storage and retrieval.
- Designed and structured dynamic product pages, shopping cart functionality, and a user-friendly interface.
- Implemented client-side form validation and interactive UI components for improved usability.

Technical Skills

Programming Languages: Core Java, Hibernate, Spring, Spring MVC, Spring Boot, Rest APIs

Frontend: HTML/CSS, JavaScript, Reactjs, Redux

Backend: Advanced Java

Databases: MySQL

Developer Tools: Visual Studio , STS , MySQL Developer

Technologies/Frameworks: GitHub

Hobbies

- Playing Chess and Cricket, Swimming
- Travelling and Exploring New Things

Certifications

- CDAC Certified
